

# Didgeridoo

With  
**ARBER MUSIC**

Dear Parents/carers,

We are excited about the upcoming opportunity for your children to take part in didgeridoo sessions on 27<sup>th</sup> February 2018.

Each child involved in the sessions will be taught by a professional didgeridoo player. They will have the opportunity to learn about the didgeridoo and then play one. The children will learn different techniques used when playing and will have a great time doing it!

The didgeridoos that the children play will be beginner didgeridoos and are made out of black PVC.

If you want your child to **keep** their instrument at the end of the session, all you will need to do is provide them with **£2** to cover the cost of producing the instrument. (All children will learn to play the didgeridoo regardless of purchase - No-one misses out!)

I look forward to teaching your children a brand new skill.

Regards

**Steve Arber**
