## **Mountains project homework**

Dear Parents of Year 3

Our topic for this half term is 'Magnificent Mountains'.

If you have books or other items the children could bring to add to our display, they would be very welcome.

We will be making 3D models of different types of mountains. To help us with this we would appreciate any donations of junk modelling materials such as yogurts pots, water bottles, small cardboard boxes etc...

We would also like the children to complete a project at home about one aspect of mountains and we suggest that this can be in any format they like - a booklet, poster, leaflet, a model, some labelled drawings or they may have their own idea.

Here are some ideas as a starting point, but please don't feel that you have to stick to these.

- Mountain ranges
- UK mountains
- Features of mountains
- How mountains are formed
- Mountain climates
- Mountain tourism

The projects can be brought in any time before the February half term break and we will do our best to allow each child time to present it to the class.

Thank you

The Year 3 Team
