

Hello everybody in Language Group,

It is very strange at the moment to not be in school, and to be doing your work at home from the school website. I am glad that the sun is shining so that when I take Chester for his walk it is nice and warm. I think that Chester likes the warm weather too, as he has learnt to swim in the lake at the UEA.

As you can see, I am taking Henry out with me too. This is a picture of him yesterday at the UEA. He enjoys watching the dogs run around, and the ducks swimming on the lake. He also saw other birds on the lake-they were white with long necks and large wings. What do you think they were? I think that Henry would have liked to go for a paddle, but I thought it was a bit too cold.

Henry is missing seeing you all, as am I. He has no one to sing to him in the morning, but I think he quite likes living with Chester and Luca at the moment. I will take some more photos of Henry, and put them on here for you to see. There are also some activities in the Language Group folder for you to try at home if you want to.

Have fun everybody,

From Mrs Beveridge and Henry.
