

Cringleford Home Learning

Language group ideas for the week beginning
23.3.20

Hello Language Group - all the grown ups from Language Group are hoping you are well and have had a good first day learning from home. Mrs Beveridge and I are going to put some ideas here for you to try at home. Some of them are new things and some are games and activities you enjoy at Language Group. We are also hoping that Henry might keep you up to date with some of his adventures too. Do keep checking on your class blog as well for activities from your teacher. Do also check Mr Henery's whole school blog daily.

From Mrs Barker

Containers - each day hide a different object in a carrier bag. Ask questions to try to guess what is in the bag. See how many questions you need before you get the right answer. Each time you try, record the number of questions you need. Did it take more or fewer questions?
Find a container and collect different things to go in the container. Each day, decide on a different category of items, for example round things, cube shaped things or things with numbers on. At the end of the activity you have to go and put them all back where they belong!

Play higher or lower : get a pack of cards, turn over the top card. Take it in turns to turn the next card and see if you can guess if it might be higher or lower than the one before.

- Share a story every day.
- Try the listening stories from audible books (Link on Mr Henery's daily blog from 23/3/20)
- One of my teacher friends has made this you tube video of the story Oi frog. Paste this address into the browser bar of your computer and you can see her read the story. She has dressed up especially for the part!

<https://youtu.be/FBRMvPcJB4s>

Play Kim's game: gather five things and lay them out, cover them with a cloth and someone takes one away. Can you guess which one?

Gradually increase the number of items you use.

Find a bean bag (or make one!) or something similar, perhaps a small soft toy.
Someone has a container and tries to catch the beanbag as the other person throws it to them. The person with the container is the one trying to do the moving and catching it's not about the one with the beanbag trying to aim into the container.

Rice Play

This is definitely low mess and so much fun! Coloured with food colouring or just plain, add spoons, pots, pans, colanders....it's sensory, GREAT for scooping and pouring and measuring and it's magic stuff that somehow is quite soothing.
