

1.4.2020

Good morning everyone,

And a big hello to you all from Henry who has been to Whitlingham Broad again. We all enjoyed seeing these houseboats that people live on or use for a holiday. And talking of holidays, the Easter holiday starts tomorrow, so we would usually be having a little celebration in Language Group for our last day. Who can remember what we usually do? Sometimes we have toast, or pizzas, or biscuits. Unfortunately, we can't do that this week, but I think you might be able to do something small at home. Maybe you could sit with your family and enjoy a small snack and think about one of your favourite things you like to do at school or Language Group. I know that some of you especially like Sensory Circuits in the hall. Some of you really enjoy Forest School (well I think we all do!). Perhaps your favourite place is the garden where we have grown vegetables and fruit. Have a little think and if you wanted to you could even draw a picture of your favourite thing. We could put the pictures in our book later like we do with all of our photographs.

Have a lovely time over the holidays. I spoke to Mrs Spence on the phone today and she is also missing you very much. Do you remember her dogs Betty and Maggie? They have become friends with Chester, but they are all missing each other now as they can't go on walks together.

I don't know if you awarded anyone with a JONK award yet, but I think I will nominate Chester for swimmer of the week! Here is a picture of him when he had just learnt to swim at the UEA.

Enjoy the holidays, and I will write to you again soon,
From Mrs Beveridge
