

Hello everyone in Language Group,

I hope everyone has enjoyed the holidays and especially the warm sunny weather. I know we can't go anywhere too exciting, but maybe you went for a walk or cycle ride somewhere. Perhaps you've been playing in your garden. We would normally tell each other about one thing we enjoyed in the holidays, so as we can't do that this term, maybe you could draw a picture of it instead. When we do come back to school, we could put your pictures in our book.

I have been into school over the holidays as there are just a few children still attending. It is very strange and very quiet without all of you there. I have been keeping busy with Chester and Luca as well. Luca especially likes to sleep in the sunshine, and when you stroke him his fur is very hot. Chester has been digging in the garden, so Mr Beveridge has made him his own special digging area so that he doesn't dig up our grass and plants. He likes to bury his toys in there, but I am wondering if he has hidden some other things too, as I can't find my socks that were on the washing line!

Henry has been out and about with us when we go on our walks with Chester. Darby has found him a new ribbon, as his scarf was a little too hot in this warmer weather.

There are some new activities for you to try in the Language Group folder, so I hope that you enjoy them. Keep reading and enjoying all your other games too, and most importantly have fun.

From Mrs Beveridge
