## Headteacher's daily blog

Date: Tuesday 14th April 2020

Dear all,

I hope you were all able to enjoy the Easter holiday and at least make the most of some great weather, even if going to the beach and seeing friends and extended family was not possible this year.

Like you, I am sure you have been encouraged by stories of how people are looking out for one another at this time. One way you could support the whole school community is by looking out for those you believe might be at risk of harm. The Local Authority has produced some safeguarding posters highlighting the key number to ring if anyone suspects that a young person is not safe. I have attached a copy of one of the posters to this blog for your information.

Wishing you all the best,

Mr Henery
