Headteacher's daily blog

Date: Tuesday 19th May 2020

Dear all,

Thank you to all the parents from Reception, Years 1 and 6 for replying to the survey about inviting more children to attend school after half term. We have now heard from almost all families. We spent a lot of time yesterday looking at the numbers involved and started to draft a plan for staffing and room allocations. Later today we will send out information to the children of key workers as we also need to know numbers of those children who will be attending after half term. As mentioned previously, the planning for this whole process is complicated and we want to get the details right before sending out more information to parents. This will happen in due course - by the end of the week.

Below is a message from the Norwich Schools Sports Partnership:

*Hope you all had a great weekend? I am excited to share this week's Norfolk School Games Virtual Challenge with you all. This week it is a golf challenge!
(Don't worry if your pupils don't have any golf equipment at home, there are lots of practical alternatives included in the video).*

Click on the below link to view the video of the challenge

<https://www.norwichssp.co.uk/norfolk-virtual-school-games-challenge-5-tri-golf/>

*Just a reminder that the challenge isn't to see who is the best at each activity but to see which school can get the most entries. The deadline for entries for all virtual challenges is **15th June**.*

Well done to everybody who has submitted entries so far. The schools from the Norwich SSP with the most entries so far are;

1st - Hethersett Woodside Primary

2nd - Bignold Primary

3rd - Mulbarton Primary

Wishing you all the best,

Mr Henery
