

Cringleford Home Learning

Language group ideas for the week beginning
15.6.20

Hello everyone, I hope you are all well. This week some of the language group children have returned to school. I wonder if you could email the language group email to let me know if you would like me to continue posting ideas here as I am guessing some of you will not be using the online learning so much if you are in school. Mrs Beveridge and I can then decide what the best way forward will be. Just to remind you that the language group email is languagegroup@cringleford.norfolk.sch.uk My sensory activity has dropped off the bottom again this week so scroll right down to find it. Have a good week, hope the sun comes back a bit more for us all.

Trace the number
Lay out number cards from 0-5 or 0-10
Take turns to trace one of the numbers on each others backs. The person who is traced on has to try and find the corresponding number card from those laid out.
Make it easier by reducing the options available. Make it harder by increasing the options available or moving to two digit numbers.

Magic circle
You will need some family members to play this game. Make a "magic circle" on the floor using a skipping rope/hoop/teddies etc. You can only go in the magic circle if the instruction applies to you. For example,
If you are wearing socks.
If your name begins with _____
If you have long/short hair.
If you have a brother/sister.
If you like strawberries.
If you are a girl/boy.
If you are in Year 2/3/R etc.
If you like reading/Lego/jigsaws etc.
If you can swim.
If you have a dog/cat/rabbit etc.
If you live in a house/bungalow/flat.
If your favourite colour is _____
If you have ever been on an aeroplane.
If you have ever slept in a tent.

Each time you go in the magic circle, you get a point, and then you come out again. See who gets the most points. Perhaps you can all have a turn at being the person that says "If you _____" but don't cheat and make sure you are the only one who can go in and get a point!!!!

Auditory memory

Ask your grown up or sibling to read out these sentences. You need to repeat the pattern. (We have done this in Language Group, so hopefully the children will remember).

For example, your grown up says

Pit, pet, pit _____ (you have to say pet).

Sock, lock, sock _____

See sow see _____

Mish bish mish _____

Tip tap tip

Moo mow moo _____

Run sun run _____

Clap clop clap _____

Bag big bag _____

Tiny teeny tiny _____

Lip tip lip _____

Knee know knee _____

Bob bib bob _____

Splish wish splish _____

Tock tack tock _____

If the children need you to, repeat the words three times before missing off the final word.

Some movement ideas to try

- Crawling or walking over different pillows or blankets.
- Tall kneel walking across the room to complete a puzzle.
- Practise walking like different animals.
- Try walking at different speeds – super slow, slow, normal, fast and super fast
- Jog or run on the spot
- Jump over a piece of paper
- Jump side to side over a shoe lace on the floor
- Jump up and down from a bottom step
- Rip scrap paper in half and jump from paper to paper.
- Play with cardboard boxes. Make tunnels. Step in and out of the boxes.
- Dance party
- Freeze Dance
- Move Like Me – strike a pose and the other person mimics it

Ice world

You will need containers, a large tub, food colouring and water.

Fill a variety of containers with water and put them into the freezer. Try to utilise containers that have different shapes, patterns and sizes to help make ice world more interesting. Try yoghurt containers, empty biscuit trays to make great patterned ice shapes, large and small bowls, tall and short containers and ice cube trays.

When you are ready to use the frozen ice, set them out onto the bench for about 5-10 minutes to allow the ice to melt a little which makes it much easier to remove.

Also try placing a few drops of blue food colouring into a small jug of water and pour it over the ice to create the blue ice affect that you see in Antarctica and the Arctic. If you have any play fish or sea creatures you can add them to the ice world.
