

Cringleford Home Learning

Headteacher's daily blog

Date: Wednesday 17th June 2020

Dear Parents / Carers

Some class teachers will be sending out an email shortly with details of how to set up an optional short (10-15 minutes) Zoom meeting involving a group of pupils learning at home. The focus of these will be to try to connect the children as many of them will be missing the sort of interaction we take for granted in normal times. We know that not everyone has the ability to take part and that there are often pressures in homes over who needs to access a laptop or device.

What an inspiration Marcus Rashford has been over the free school meals campaign! It is good that the lockdown period has given the opportunity for some great acts of charity, fundraising and social action to be recognised. I know there are lots of local examples of things that people have been doing to support one another and I am sure we will get to hear about them when we can all gather together.

Wishing you all the best

Neil Henery
