Good morning Year 5,

We hope you all had a good weekend. You may enjoy starting the week by looking at the latest gallery to see what your classmates have been up to.

This week we will be moving on with the Harry Potter story. With the help of Mrs Weasley, Harry located platform 9 3/4 (or as we like to call it platform 9.75!) During this chapter we met a number of new characters including Ron and Hermione. The students fell silent in awe when they saw Hogwarts for the very first time. Today, we will get the chance to go inside Hogwarts and meet the sorting hat.

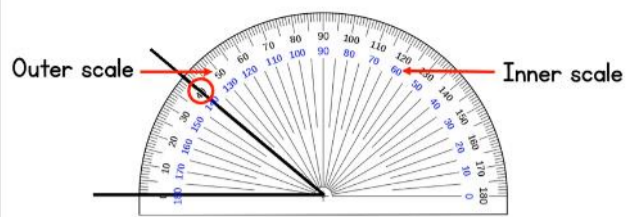

You can find out which house you belong in by looking on the wizarding world website.

<https://www.wizardingworld.com/news/discover-your-hogwarts-house-on-wizarding-world>

On the **Week 5 Video** you can find out more about what we have planned for the week ahead.

Have a good day and week

Mr Donovan, Mrs Barber and Mrs Maslin

The angle is 40 degrees

We can write this as  $40^\circ$

It is an **acute** angle.

## Maths: Lesson 1 - Measuring with a protractor

You will need a protractor for some of these question. If you don't have one just do the questions you can without.

White Rose Maths - <https://whiterosemaths.com/homelearning/year-5/>

You can always try a **different year group** if you are finding it too tricky or want to challenge yourself.

<https://www.bbc.co.uk/bitesize/tags/zhqppg8/year-5-and-p6-lessons/1>

### Game

Can you adjust the arrow to the correct angle in order to save the aliens? You will have to use your estimation skills and knowledge of right angles to help. <https://www.mathplayground.com/alienangles.html>

### Challenge

From the link below you can try different levels of challenges.

<https://corbettmathsprimary.com/5-a-day/>

## The Sorting Hat

### English:

Harry has arrived at Hogwarts for his first term at the school. Today we are going to read chapter 7 - The sorting hat

<https://www.wizardingworld.com/chapters>.

We are going to explore the The Sorting Hat 'song'. There is a **video** which explains what you need to do and you will also find **The Sorting Hat text** and **powerpoint**.

You need to read through the song and identify any words you are unsure about. You then need to look up their meaning.

Think about the 4 different houses and consider which house you may want to be in. We will look at this more tomorrow

### Challenge

What house would you put your teacher in? Let us know where you think we belong!

### Creative - Hogwarts

We know we have many budding artists. Last week we wrote about seeing Hogwarts for the first time. The students fell silent when they saw this magnificent sight. Your task is to draw an image of Hogwarts.

<https://www.youtube.com/watch?v=XO4NOhbbNWK>

You can use any medium you want to do this -pencils, paint, pastels etc

Or

You may want to put your DT skills to the test! Can you make your very own Hogwarts building? You could use Lego, building blocs or maybe even reuse some old cardboard boxes/plastic containers. Be creative!
