Good morning Year 5,

Happy Birthday to Isabella in Hawks class - enjoy the sunshine :)

This was uploaded before the Norwich game last night but we are sure that Norwich secured a fantastic win and the great escape is on!?

Hopefully you managed to use all the different techniques to persuade someone to purchase your wand. Were you able to create the greatest wand in the whole magical universe? For those of you who have signed up to the wizarding world website you can find out which wand would choose you! Remember you can follow the story on this website too.

Last week we looked at the work of John Williams who composed so many well known songs including Hedwig's theme from Harry Potter. Today, we are going to be doing a slightly different music activity but it should be fun!

For the remainder of the term we will have a weekly gallery on a Monday (a nice way to start each week). Please make sure any work is emailed to us by the Friday before.

Have a good day.

Mr Donovan, Mrs Barber and Mrs Maslin.

## Maths: Lesson 4 - Dividing decimals by 10,100 and 1000

White Rose Maths - <https://whiterosemaths.com/homelearning/year-5/>

Remember you can always try a **different year group** if you are finding it too tricky or want to challenge yourself.

### Who wants to be a millionaire? (multiplying and dividing by 10,100 and 1000 edition)

There is a TV show where contestants answer a series of questions in the hope of winning one million pounds. Have a go at the **powerpoint** and then you could create your own version. Or maybe you could create your own game where you divide and multiply decimals by 10,100 and 1000.

## English:

Harry has been to Diagon Alley and is all set to start at Hogwarts School of Witchcraft and Wizardry.

Today we are going to read chapter 6 - Platform 9  $\frac{3}{4}$

<https://www.wizardingworld.com/chapters>.

You may decide just to read this chapter but some of you may enjoy writing about the latest news worthy story... someone trying to rob Gringotts. You can see information on this on the creative task.

You can try a spot the difference activity following the link below

<https://hpmedia.bloomsbury.com/rep/files/spot-the-difference.pdf>

When you have had a go you can find the answers below

## Creative task

Someone has broken in at Gringotts bank but nothing was taken!? You can write a news article for The Daily Prophet - **template attached**

- 1) Create a newspaper headline (remember it should be short and snappy)
- 2) Create an image showing (with a caption). Perhaps it could be some Goblins looking confused
- 3) Optional: As before you don't have to write a news story but some of you may enjoy writing about this event. You could have a quote from a Goblin who works there.

*"Enter, stranger, but take heed*

*Of what awaits the sin of greed,*

*For those who take, but do not earn,*

*Must pay most dearly in their turn.*

*So if you seek beneath our floors*

*A treasure that was never yours,*

*Thief, you have been warned, beware*

*Of finding more than treasure there."*

**The Daily Prophet**

### Break-in at Gringotts Gringotts' Security Breached

Investigations continue into the break-in at Gringotts on 31 July, which resulted in the theft of Dark wizard artifacts. The bank, which has been the target of several attacks, was searched for hours but no trace of the stolen items was found. "We're not telling you what was in there, so keep your noses out if you know what's good for you," said a Gringotts spokesman this afternoon. "We're sorry that our security was breached, but we will do everything in our power to prevent such an incident from happening again."

### Goblins' heads are up in Arms

Nothing stolen - Gringotts who are they kidding?

Keep your noses out! - Gringotts who are they kidding?

### PE - Mr Colbeck Challenge 3

This week Mr Colbeck's presents - The Tricky Towel folding challenge!

Watch the [video](#) which explains the challenge.

Can you complete the challenge in under 60 seconds? What is the quickest time you can do it in? Can you beat Mr Colbeck's time of 42:37?

Let us know how you get on. You can send a photo and/or your score and we will see how everyone gets on.

Good luck.

### Music

In the last music lesson, you heard the orchestra playing the Harry Potter music and learned about timbre, tempo and dynamics.

Today you are going to have some fun with clapping rhythms and also try to use some music notation to show a simple rhythm. Open up the document called [Music Harry Potter](#). You will find all the details in there.

Have fun!

Ps. Have any of you managed to play Hedwig's theme? Don't forget to send us your video.
