Dear Parents / Carers

Yesterday I said this week I would thank a few groups of people for all their efforts this term. I have been so grateful for a wonderful office team who have dealt with so many changes over the last few weeks, sorting children into bubble groups and all the administration that has been needed generally. The office has been manned throughout the lockdown and I am thankful for their huge commitment to the school.

Our caretaking and cleaning team have also done a great job - moving furniture around, deep cleaning areas of the school and being on hand to keep the school clean and safe.

Finally, I mentioned the contribution of an organisation called PeoplePowered UK previously as they worked really hard to improve the garden area of the school and have even managed to buy us and will be putting up a shed. I am very happy to promote their Go Fund Me site. At the moment they are trying to raise £250 to purchase art packs for care homes as well as plants and tools for elderly residents. Any support from parents would be greatly appreciated:

www.gofundme.com/PeoplePoweredUK

Wishing you all the best

Neil Henery
