Friday Friday!

We hope you enjoyed describing the character of Snape and you were able to use some of the show not tell techniques to help paint a picture of this character. He is someone you certainly wouldn't want to get on the wrong side of! Unfortunately for Harry, Snape doesn't seem to be too fond of him.

Today, we will find out how the students get on with their first flying lesson. Hopefully the teacher will be a little nicer to Harry than Snape was. Remember, there is a quiz at the end of every chapter on the wizarding world website.

<https://www.wizardingworld.com/quiz/chapter-quiz-chapter-nine-five-questions>

We hope you feel more confident with angles in Maths. Did you get the chance to design a 2D picture of Hogwarts? If you haven't had the chance yet see if you can use your knowledge of different angles to create your own image.

Have a great weekend and surely Norwich will win on Saturday!?

Mr Donovan, Mrs Barber and Mrs Maslin.

Magical Maths

This week we have been thinking all about angles. If you haven't had the chance to do so why not create a 2D version of Hogwarts considering all the different types of angles.

Something a little different too...

Now that the students are settling in at Hogwarts they will need to get the bus to visit different places. Use the **bus timetable sheet** to answer questions on the 3 different buses.

You can create your own questions about the buses too.

English

Today we are going to read chapter 9 - The Midnight Duel
<https://www.wizardingworld.com/chapters>.

There is lots of action in this chapter. Have a look at the **How do you rate** sheet. What rating would you give different moments from the chapter?

Which is the most exciting moment? Why? (Justify/ explain why you think this).

Finishing off work

You can use this time to finish off any tasks from the week. There may have been some activities that you didn't get the chance to try?

Do you need to persuade the sorting hat more to get into a house?

Did you finish designing your own house or magical worlds?

Can you use your proportional drawing skills for other Harry Potter characters?

Perhaps you will be able to make (and eat) your own sorting hat cupcakes.
