

Cringleford Home Learning

Autumn 2

Year Group: 5

Topic: Space Explorers

Dear Parent / Carer,

We are really sorry you are having to stay at home for a few days. Below is some work you can do at home for at least the first few days, but only if you are well enough. We will send out some more work if you need to stay at home for a longer period of time and will contact you either via email or Teams about this.

We look forward to seeing you back at school really soon.

Mrs Barber, Mr Donovan and Mrs Brewster

<p>Topic</p> 	<p>Our topic this term, as you know has been Space Explorers.</p> <p>Satellites</p> <p>Later in the term in school, we will be looking at images which have been taken from satellites in space.</p> <p>Look at the Powerpoint about satellites to find out what they are. You could try the task on the last slide to make your own satellite.</p> <p>These lessons are designed for KS3 but they are similar to what we will be doing in school so why not have a try! Don't worry too much about the quiz at the beginning.</p> <p>https://classroom.thenational.academy/lessons/using-aerial-and-satellite-images-with-maps-cdj36r?from_query=satellite+images</p>
<p>Maths</p> 	<p>1. Lots of you find it hard to multiply and divide by 10. To practise, watch these videos and try the two worksheets uploaded. https://whiterosemaths.com/homelearning/year-5/week-9-number-multiplication-division/ https://whiterosemaths.com/homelearning/year-5/week-10-number-multiplication-division/</p> <p>2. Try the arithmetic paper. First of all answer the questions by yourself then ask someone at home to help you with any you found tricky.</p> <p>3. Use Times Tables Rockstars to practise your tables for your next times table challenge when you return to school.</p>
<p>English</p>	<p>Use Oak Academy for your English learning.</p> <p>This unit of English is called The Man on The Moon and has 14 lessons. Try to do one lesson a day.</p> <p>https://classroom.thenational.academy/units/the-man-on-the-moon-narrative-writing-e7d1</p>
<p>PE</p> 	<p>You can use the following websites to keep active at home: There are some brilliant activities that you can do at home here: https://www.youthsporttrust.org/pe-home-learning And lots of great activities on the BBC Supermovers website https://www.bbc.co.uk/teach/supermovers/ks2-collection/zr4ky9q</p>

Cringleford Home Learning

Do you have time to learn even more? Here are some links to useful websites you could use:

- [BBC Bitesize](#) - Begin by clicking [this link](#) and then selecting your year group. Choose which subject you would like to learn more about. There are great videos, quizzes and activities for you to do!
- [Top Marks](#) - This is a great website to find interactive games. You can choose your age group and subject and then find fun games to play.
- [Oxford Owl](#) - Oxford Owl provide a free E-book library with lots of books for you to choose from. We would love to hear about which books you choose!
- [Nrich](#) - This is a great website to use for Maths. It provides activities and games which promote problem solving and fluency. Just click the link and then choose which area of Maths you are learning about at the moment.
